October 13, 1993

Dear Josh / Badger AR Society,

I really enjoyed the QSO with you on 40 meters, and I thank you for the report. You were my first club contact. That is neat!

The 1993 CALLBOOK gives my QTH as Machesney Park, IL, but we have now moved up here to Hortonville, and the 1994 CALLBOOK should show my correct station location.

I received my new QSL cards a couple of weeks ago. I'm hoping to work all states before the end or the year, so I have a lot of work ahead of me. Take care and 73.

Sincerely,

Steven C. Fleming
